(800, 801, 805, 806) For the purchase of a Head Boat or Charter Boat License, you must provide a copy of the current vessel registration or documentation. If you have multiple vessels, please list the primary vessel ID number selection first on the line provided on the front of the form.

(810, 813, 811, 814) For the purchase of a Class A or B Fishing Guide License, you must provide a copy of your current USCG Captain's License. Please list a primary vessel ID number on the line provided on the front of the form. Please note that the Class A Fishing Guide License is limited entry and only qualifying individuals may purchase that license. Also remember, a MD Reciprocity Permit is required for a Class A in MD waters.

(812) For the issuance of the Fishing Guide Reciprocity Permit, you must provide a copy of your current USCG Captain's License and your current Maryland Fishing Guide License (FGR, FGN, TFL). You must also provide a copy of your primary vessel registration or documentation.

(815) For the issuance of the Striped Bass Charter Permit (for each fishing guide), you must purchase the Class A or Class B Fishing Guide License, or request the Fishing Guide Reciprocity Permit.

(816) For the issuance of the Tilefish and Grouper Charter Landing Permit (for each vessel), your vessel must be added into our Licensing System. Those that purchase the License/Permit codes of 800, 801, 805, 806, or 812 will be in the system (see above requirements). Please list the vessel ID number on the line provided on the front of the form.

Don't forget vessel owner & fishing guide license purchase discount, if the same person.

Example: To calculate the purchase of one resident 6-pack charter license and a resident Class B Fishing Guide... \$190 + \$100 = \$290 with the owner/fishing guide discount the total cost is \$190 for both licenses.
