2. Reference Page 5, III. Scope of Work/Statement of Needs, 1st sentence:
Delete entire 1st sentence and replace with “This project will consist of placement of concrete structures, which are to be located and supplied by the contractor, on up to four different permitted Artificial Reef sites in, approximately equal amounts, in the Chesapeake Bay. The entire tonnage to be deployed by the contractor upon award of this contract will be no more than 7,000 tons of concrete structures (ie. The sum of all tonnage placed on the referenced reef sites will not exceed 7,000 tons). The VMRC will consider accepting less than a total tonnage of 7,000 tons as long as the true amount offered by the contractor is disclosed at the time the response to this RFP is sent into the VMRC.
