

VIRGINIA MARINE RESOURCES COMMISSION  
"PERTAINING TO CRABBING"  
CHAPTER 4 VAC 20-270-10 ET SEQ.

PAGE 1 OF 7

PREAMBLE

This chapter establishes daily individual, vessel and harvest and possession limits, time limits, season limits, peeler pot limits and peeler and softshell crab minimum size limits for commercial and recreational crabbing in Virginia and is promulgated pursuant to authority contained in §§ 28.2-101, 28.2-201 and 28.2-700 et seq. of the Code of Virginia. This chapter repeals any other chapters that pertain to crab pot bushel limits. This chapter amends and re-adopts, as amended, previous Chapter 4 VAC 20-270-10 et seq., which was promulgated February 24, 2015 and made effective on March 1, 2015. The effective date of this chapter, as amended, is July 5, 2015.

**4 VAC 20-270-10. Purpose.**

The purpose of this chapter is to allow for the conservation and rebuilding of the crab resource and to improve the enforceability of other laws pertaining to crabbing.

**4 VAC 20-270-15. Definitions.**

"Crab" or "crabs" as described in this chapter refers solely to the crustacean *Callinectes sapidus*.

**4 VAC 20-270-20. Sunday prohibition and limited exception for possession of male hard crabs.**

It shall be unlawful to take or catch crabs for commercial purposes on Sunday. This section shall not apply to the harvest of peeler crabs by crab traps or peeler pots or to the working of floats, pens, or onshore facilities for soft crab shedding operations. Any person licensed to harvest peeler crabs by peeler pot may harvest one bushel of male crabs from his peeler pots on Sunday strictly for the purpose of baiting his peeler pots, and such crabs may not be sold.

**4 VAC 20-270-30. Daily time limits.**

A. It shall be unlawful for any person licensed to catch and sell crabs taken by crab pot or peeler pot to take and harvest crabs from any crab pot or peeler pot, or to retrieve, bait, or set any crab pot or peeler pot, except during the lawful daily time periods described in subsections A, B, C, and D of this section. The lawful daily time periods for the commercial harvesting of crabs by crab pot or peeler pot shall be from 6 a.m. to 2 p.m. during the lawful seasons, as described in Chapter 4 VAC 20-270-40 A, except as described in subsections B, C, and D of this section. The lawful daily time periods for the commercial harvesting of crabs by crab pot or peeler pot shall be from 5 a.m. to 1 p.m. during the months of May, June, July, and August, as described in Chapter 4 VAC 20-270-40 A, except as specified in subsections B, C, and D of this section. Crab pots or peeler pots already on board a boat at the end of the lawful daily time period, as defined in subsections A, B, and C of this section, may be set immediately following the end of lawful daily time period to one hour after the lawful daily time period ends.

B. Any licensed crab pot or peeler pot fisherman who provides an opinion and supporting documentation from an attending physician to the commissioner of an existing medical condition that

prevents him from adhering to the daily time limit established in subsection A of this section may be permitted by the commissioner or his designee to take and harvest crabs from his crab pot or peeler pot, or to retrieve, bait, or set his crab pot or peeler pot during an alternate eight-hour daily time limit. That alternative eight-hour daily time limit will be prescribed by the commissioner or his designee in accordance with the medical condition that forms a basis for the exception to the daily time limit as described in subsection A of this section.

Nothing in this regulation shall prohibit any licensed crab pot or peeler pot fisherman, who has been granted an exception to the eight-hour work schedule, on a medical basis, from using another licensed crab pot or peeler pot fisherman as a mate; provided, however, during the designated alternate work hours, only the crab pots or peeler pots of the fisherman receiving the exception shall be fished. Further, it shall be unlawful for the licensed crab fisherman, who has been granted an exception, or his mate, who is a licensed crab pot or peeler pot fisherman, to fish, set, retrieve, or bait, during the alternate work hours, any crab pot or peeler pot that is not owned and licensed by the fisherman granted the exception.

C. Any licensed crab pot or peeler pot fisherman who requests and obtains an alternate eight-hour daily time limit permit shall be authorized to take and harvest crabs from his crab pot or peeler pot or to retrieve, bait, or set his crab pot or peeler pot one hour earlier than described in subsection A of this section, only for the months of June, July, August, and September. During the months of March, April, May, October, and November the lawful daily time period described in subsection A of this section applies to any crab pot or peeler pot licensee. The alternate lawful daily time periods for the commercial harvesting of crabs by crab pot or peeler pot shall be from 4 a.m. to 12 noon from June 1 through August 31 and from 5 a.m. to 1 p.m. from September 1 through September 30. Individuals must apply for this permit on an annual basis and shall adhere to the alternate daily time limit from the day the permit is issued through September 30, as well as subdivisions 1, 2, and 3 of this subsection.

1. It shall be unlawful for two or more licensed crab pot or peeler pot fishermen, or their agents, to crab aboard the same vessel if their authorized eight-hour daily time limits are not identical.
2. After January 1, 2012, requests for an alternate eight-hour time limit permit shall be submitted to the Marine Resources Commission annually and prior to May 15. Requests submitted on or after May 15 will not be considered.
3. Once any legal crab pot or peeler pot licensee obtains an alternate eight-hour daily time limit permit, that permittee shall be legally bound by the alternate eight-hour daily time limit as described in this subsection.

D. The lawful daily time periods for the commercial harvest of crabs by crab pot or peeler pot may be rescinded by the Commissioner of Marine Resources when he determines that a pending weather event is sufficient cause for the removal of crab pots from the tidal waters of the Commonwealth.

**4 VAC 20-270-40. Season limits.**
