- A. Recreational fishing vessels are allowed a maximum possession limit of one recreationally permitted shark, excluding smooth dogfish, per trip, regardless of the number of people on board the vessel. In addition, each recreational vessel angler may possess one bonnethead and one Atlantic sharpnose per trip. The possession aboard a vessel of more than one recreationally permitted shark, excluding smooth dogfish, or the possession of more than one Atlantic sharpnose shark or one bonnethead shark, per person, shall constitute a violation of this regulation. When fishing from any boat or vessel where the entire catch is held in a common hold or container, the possession limits for Atlantic sharpnose shark or bonnethead shark shall be for the boat or vessel and shall be equal to the number of persons on board legally eligible to fish, plus one additional recreationally permitted shark. The captain or operator of the boat or vessel shall be responsible for any boat or vessel possession limits.
- B. A recreational shore angler is allowed a maximum possession limit of one recreationally permitted shark, excluding smooth dogfish, per calendar day. In addition a recreational shore angler may harvest one additional bonnethead and one additional Atlantic sharpnose per calendar day. The possession of more than one recreationally permitted shark, excluding smooth dogfish, or the possession of more than one bonnethead and one Atlantic sharpnose, by any person, shall constitute a violation of this regulation.
- C. It shall be unlawful for any person to possess any recreationally prohibited shark.

The person who owns or operates the vessel is responsible for compliance with the provisions of this subsection.
- B. It shall be unlawful for any person to fillet a shark, until that shark is offloaded at the dock or on shore, except smooth dogfish as provided in subsection C of this section. A licensed commercial fisherman may eviscerate and remove the head of any shark, but the tail and all fins of any shark, except smooth dogfish as provided in subsection C of this section, shall remain naturally attached to the carcass through landing. The fins of any shark, except smooth dogfish, may be partially cut but some portion of the fin shall remain attached, until the shark is landed.

- D. It shall be unlawful to possess, on board a vessel, or to land in Virginia any species of shark, after NOAA Fisheries has closed the fishery for that species in Federal waters.
- E. There are no commercial trip limits or possession limits for smooth dogfish or sharks on the lists of commercially permitted pelagic species or commercially permitted non-blacknose species.
- F. Except as described in this section, it shall be unlawful for any person to take, harvest, land, or possess in Virginia any blacktip, bull, great hammerhead, lemon, nurse, scalloped hammerhead, silky, smooth hammerhead, spinner or tiger shark from May 15 through July 15.
